

## LONG STEM FRY THERMOMETER

Specially designed for large deep fry containers, CDN's Long Stem Fry Thermometer provides easy control over deep frying and other high temperatures. The thermometer features a long 12-inch (30.5 cm) stainless steel stem, an easy-to-read 1.75-inch (4.4 cm) dial with a durable laboratory glass lens and an exclusive stainless steel adjustable clip for attaching to the side of any size fry container.

Foodservice chefs will also appreciate the Long Stem Fry Thermometer's durable design with stainless steel housing that is waterproof. It offers field calibration to ensure accuracy time and again. A temperature guide on the protective sheath offers instant guidance for candy and deep fry favorites, for food safety and best culinary results.
